

# 65+ Men

A simple scan can tell you if you have an abdominal aortic aneurysm

This is an enlargement of the main blood vessel in the abdomen and if left untreated it can be fatal

Men aged 65+ are most at risk

NHS screening invitations will be sent to men aged 65 this year and those over 65 can request a scan

For more information, contact the Derbyshire AAA Screening Programme on 01332 783485, visit [www.nhs.uk/aaa](http://www.nhs.uk/aaa), talk to your GP or scan this QR code with your smartphone
